

CTN Hanging Requirements

To reduce costs associated with hanging work and to allow for quicker hanging times for volunteers, please ensure that your work is ready to hang before delivering it to the exhibition.

Standard Framed/Mounted Work

Work which is hung against a wall and is either framed, fixed to a canvas or other rigid frame

1. Please affix a D Ring hanger securely to both top corners of your work. These can be bought in any hardware shop.
2. Do not add string between the D Rings. It will be added during the hanging.
3. Label your packaging clearly with your name so it can be found when collecting your work.

D Ring Fastener Affix D Ring to both corners

Standard Framed (L Stothers)

Canvas Mounted (C Creaner)

Rigid Frame (L Stothers)

Unframed Flat Work

Flat soft work which is hung against a wall & suspended from a wooden batten or alternative frame

1. Please ensure there is a sufficient batten/frame to suspend your work from.
2. Affix a D Ring hanger or suitable fixing securely to both top corners of your work.
3. Do not add string between the D Rings.
4. Label your packaging clearly with your name so it can be found when collecting your work.

Quilt (unknown)

Suspended from Batten (M Palmer)

Hung from Wall (F Leach)
